<b>IDP Priority</b>		Promote economic development and attract investment towards achieving 5% economic growth that reduces unemployment by 2021

<b>Annual Target</b>	<b>Actual</b>	<b>Annual Target</b>	<b>Actual</b>
8 000 jobs created	3 102 jobs created	4 000 jobs created	4 240 jobs created

Target not achieved

JPC has created more jobs than the 3 102 reported. Sufficient appropriate audit evidence to substantiate the jobs created was limited to the reported number. Going forward, we will treat all projects as EPWP projects, and we have inserted a condition for payments in all our appointment letters which includes evidence required from a supplier to confirm the job opportunity created per project. The monthly project meetings will assist in getting the information timeously, as the project team will first provide evidence before reporting numbers.
